

Citrix Workspace for Windows is supported on Windows 10, 8.1 and 7.

Use this link to download Citrix Workspace:
<https://www.citrix.com/downloads/workspace-app/workspace-app-for-windows-long-term-service-release/workspace-app-for-windows-1912ltsr.html>

While on your home wireless network and not on VPN:

1. Once Citrix Workspace is installed, click **Add Account**.
2. In the server address field, enter <https://citrixweb.health.unm.edu> and then click **Add**.
3. Enter HSC NetID username/password then click **Log On**.
4. Select **UNMH Citrix Apps**, then click **Select**.
5. Depending on your access level, the clinical applications will populate in your Workspace.

Note: Once Citrix Workspace is installed, there are two ways to access the Applications remotely.

- From the Windows Start  click Citrix Workspace 
- OR,
- Enter URL <https://citrixweb.health.unm.edu> in a web browser (e.g., Chrome).

The screenshots illustrate the following steps:

- 1:** Citrix Workspace installation is complete. The 'Add Account' button is highlighted.
- 2:** The 'Add Account' dialog box is shown with the server address <https://citrixweb.health.unm.edu> entered in the field. The 'Add' button is highlighted.
- 3:** The 'Add Account' dialog box is shown with the 'User name' and 'Password' fields. The 'Sign In' button is highlighted.
- 4:** The 'Add Account' dialog box is shown with the 'UNMH Citrix Apps' account selected in the list. The 'Select' button is highlighted.
- 5:** The Citrix StoreFront interface is shown with various applications listed. The 'Apps' tab is highlighted.
